

INDEPENDENT CONTRACTOR AGREEMENT

State of Illinois | Project-Based Logistics Services

This Independent Contractor Agreement ("Agreement") is entered into as of _____, by and between the Company and the Contractor identified below (collectively, the "Parties").

1. Parties

Company

Company Name: Prime Anchor Point LLC

Business Address: 18 Congress Circle West, Roselle, IL 60172

Authorized Contact: Qiushi Zhang

Phone / Email: _____

Contractor

Legal Name: _____

Address: _____

Phone / Email: _____

Tax ID (SSN/ITIN/EIN) — W-9 required: _____

2. Independent Contractor Relationship

Contractor is engaged as an independent contractor and not as an employee, agent, partner, or joint venturer of Company. Contractor is solely responsible for all federal, state, and local income, self-employment, and other taxes on compensation received. No tax withholding will be made by Company. Contractor is not entitled to employee benefits, including but not limited to health insurance, paid leave, sick pay, overtime, retirement contributions, unemployment insurance, or workers' compensation. Contractor shall complete IRS Form W-9 prior to first payment; Company will issue Form 1099-NEC for annual compensation of \$600 or more.

3. Scope of Services

Contractor may, on an assignment-by-assignment basis, provide project-based logistics, material handling, loading and unloading, sorting, packaging, labeling, inventory support, or related services. Each assignment shall be agreed in writing (including email or text message) and shall specify: (a) description of services, (b) location, (c) target completion date, (d) agreed project fee, and (e) any special requirements. Nothing in this Agreement obligates Company to offer, or Contractor to accept, any particular assignment.

4. Control of Work

Contractor retains sole control over the manner, method, sequence, means, and schedule of performing the services. Company may specify desired results, deadlines, and quality standards, but does not direct or control how Contractor performs the work. Contractor may engage Contractor's own assistants or subcontractors at Contractor's own expense and responsibility, provided they are bound by confidentiality obligations equivalent to this Agreement and that Contractor remains fully responsible for the quality and timeliness of services.

5. Compensation

Compensation shall be determined on a project-based or flat-fee basis as agreed in writing for each assignment. Payment may be made by check, ACH transfer, Zelle, or other mutually agreed method. No taxes will be withheld. Nothing in this Agreement guarantees any minimum amount of work or compensation.

6. Invoicing and Payment

Upon completion of an assignment, Contractor shall submit an invoice including: assignment date(s), description of services, agreed fee, Contractor's Tax ID, and remit-to information. Payment shall be made within thirty (30) days of receipt of a proper invoice. If Company disputes any portion, Company shall notify Contractor in writing within ten (10) business days and pay the undisputed portion within the standard period.

7. Safety, Compliance, and Risk of Loss

Contractor shall comply with all applicable federal, state, and local laws, including OSHA standards, and with reasonable worksite safety requirements. Contractor shall use appropriate personal protective equipment. Contractor is NOT covered by Company's workers' compensation insurance and assumes all risk of injury or loss arising from the performance of services. Contractor is strongly advised to obtain Contractor's own occupational accident, general liability, and (if operating vehicles) automobile insurance.

8. Background, Credentials, and Work Authorization

Contractor represents that all information provided to Company is true and accurate, that Contractor possesses any licenses or certifications required to perform the services, and that Contractor has lawful authorization to work in the United States. Contractor consents to reasonable background checks (criminal, motor vehicle, references) when relevant to an assignment, performed in compliance with applicable law.

9. Confidentiality

Contractor shall keep confidential all non-public business, customer, operational, and financial information of Company and its clients, including but not limited to customer lists, pricing, logistics procedures, warehouse layouts, shipment volumes, vendor information, and software systems, during and after the term of this Agreement. Upon termination or upon request, Contractor shall return or destroy all Company materials in Contractor's possession. This obligation does not apply to information publicly available through no fault of Contractor.

10. Intellectual Property and Work Product

Any records, data, route information, process improvements, inventory reports, or other work product created by Contractor in the course of performing services for Company shall be the sole property of Company. Contractor hereby assigns all rights, title, and interest in such work product to Company and agrees to execute documents reasonably necessary to perfect Company's ownership. Pre-existing materials owned by Contractor remain Contractor's property.

11. Non-Solicitation

During the term of this Agreement and for twelve (12) months after termination, Contractor shall not, directly or indirectly: (a) solicit any customer of Company with whom Contractor had contact through this engagement, for purposes of providing competing services; or (b) solicit, recruit, or hire any other contractor or employee of Company. This Section is not a non-compete and does not restrict Contractor from providing services to other companies generally.

12. Anti-Discrimination and Anti-Harassment

Company is committed to a workplace free of discrimination and harassment based on race, color, national origin, sex, gender identity, sexual orientation, religion, age, disability, or any other protected characteristic. Contractor agrees to conduct services consistent with this commitment. Any concern regarding discrimination or harassment may be reported to Qiushi Zhang, who will investigate promptly and in good faith.

13. Expenses and Equipment

Contractor shall provide Contractor's own tools, equipment, transportation, fuel, mobile phone, and other resources necessary to perform the services. Company will not reimburse expenses unless expressly agreed in writing in advance for a specific assignment. Contractor is responsible for all of Contractor's own business expenses.

14. Data Security and Company Property

If Contractor accesses Company or client data, scanners, tablets, badges, or other property, Contractor shall handle such property according to Company's reasonable security guidelines, shall not share access credentials, and shall promptly report any loss, theft, or suspected data breach. All Company property shall be returned upon termination or upon request.

15. Indemnification

Contractor shall indemnify, defend, and hold harmless Company and its members, officers, and affiliates from and against any and all claims, damages, losses, liabilities, and expenses (including reasonable attorneys' fees) arising out of or related to: (a) Contractor's negligent, reckless, or willful acts or omissions; (b) Contractor's breach of this Agreement; (c) Contractor's violation of any law; or (d) any claim that Contractor or Contractor's assistants should have been classified as employees of Company, except to the extent caused by Company's own gross negligence or willful misconduct.

16. Insurance

Company recommends, and may require for certain assignments, that Contractor maintain: (a) general liability insurance; (b) occupational accident or equivalent coverage; and (c) automobile liability insurance if Contractor operates a vehicle in performing services. Upon request, Contractor shall provide certificates of insurance (COI) to Company.

17. Non-Exclusivity, Termination, and Final Settlement

Contractor is free to provide services to other companies at any time. Either party may terminate this Agreement, with or without cause, upon seven (7) days' written notice. Either party may terminate immediately for material breach. Upon termination: (a) Company shall pay Contractor for all completed assignments and the pro-rata portion of any assignment in progress; (b) Contractor shall return Company materials; (c) Sections 9-12, 15, 18, and 20 survive termination.

18. Force Majeure

Neither party shall be liable for any failure or delay in performance due to events beyond its reasonable control, including acts of God, severe weather, fire, flood, pandemic, government orders, civil unrest, labor disputes not involving the parties, or large-scale utility or transportation failures. The affected party shall promptly notify the other and use reasonable efforts to resume performance.

19. Notices

All formal notices under this Agreement shall be in writing and delivered by: (a) email to the address on file (deemed received upon successful transmission); (b) U.S. certified mail to the address listed in Section 1 (deemed received three business days after mailing); or (c) personal delivery. Each party shall notify the other of any change of address or email.

20. Governing Law, Jurisdiction, and Miscellaneous

This Agreement is governed by the laws of the State of Illinois, without regard to conflict-of-laws principles, and the Parties consent to the exclusive jurisdiction of the state and federal courts in Cook County, Illinois. This Agreement, together with any written assignment terms, constitutes the entire agreement between the Parties and supersedes all prior oral or written understandings; any amendment must be in writing and signed by both Parties. If any provision is held invalid or unenforceable, the remaining provisions shall remain in full force and effect. No waiver of a breach shall constitute a waiver of any later breach. Neither party may assign this Agreement without the other's written consent.

21. Contractor Acknowledgment

Contractor acknowledges and confirms that: (a) Contractor has read and understands this Agreement in full; (b) Contractor is engaged as an independent contractor, not an employee; (c) Contractor is solely responsible for all applicable taxes and is not covered by Company's workers' compensation insurance; and (d) Contractor has had the opportunity to review this Agreement and, if desired, consult independent legal or tax counsel.
